"The Virgin Islands Full Time Christian Radio Station"

June 2015

Field Trips!

Fun
&
Educational!

On Thursday, May 7th, the WIVH Studio was blessed by a visit from eighteen first grade students from the St. Croix Christian Academy. While the students were at the studio, they learned how the station operates, how radio waves work, and that God created radio waves the moment He said, "Let there be Light!". They

also learned how we can use a microwave for more than just warming up our lunch. The talented sang a few songs that we were able to record. Some of the children were also willing to record voice-over so that we can create functional radio spots using their audio. It

was fun to share with them during "Connect Live!" and describe the technology involved to make that show and others possible here on WIVH. Finally, the students enjoyed popcorn and juice as we informed them of the various children's programs available on WIVH, as well inviting them to attend "Showtime" - the free family-friendly movie night held on the studio grounds on the first Saturday of each month. We are still trying to decide who was more blessed by the field trip- the students, or all of us at WIVH.

Field trips to WIVH are a fun and educational way to introduce children to radio technology and the God-honoring content of this listener-supported radio station. We know that it's the season for summer camp and VBS- so if you have a group of students who you feel would enjoy a field trip to WIVH, please give Jon a call at (340)718-2852 to schedule a time to bring them out.

At The Studio...

Jon & Tiffany Bowman
(Sage, River, Cove, & Meadow Bea)

"At WIVH, June marks two special occasions for us," shares Jon Bowman, station operator. "It is the month which we celebrate the anniversary of another full year of broadcast here in the Virgin Islands—June 2015 will be the start of our twenty-third year of broadcast! Praise God!!! Thank you to all of our faithful listeners who stand with us to keep this ministry alive," adds Jon. "That's the good news, but June also marks the beginning of the hurricane season, which is a lot less exciting."

While the past few years have been mild as far as storms go, that lingering thought is always in the back of our minds all the way through November – *"Maybe I should be keeping a closer eye on the Atlantic weather patterns?"* Our colleagues at VITEMA remind us to check out www.ready.gov to show us how to be prepared in the event of a weather emergency. It's not fun to think that a threat like this might exist, but it is important to be prepared. While WIVH is prepared with a generator, both at the studio and at the Blue Mountain broadcast facility, we still desire your prayers for protection of the equipment during this season. Thank you and God bless.

It's a small world we live in! While Tiffany was off island visiting Pennsylvania to celebrate the life of her late Grandmother, Jeannette Gittens, she encountered Miss Pency Serephin, originally of St. Thomas and a

WIVH listener. Tiffany met Miss Pency while shopping at a mall in Reading, Pennsylvania and instantly made a new friend. This encounter was a reminder of just how small this world is and of the kinship that we share with our brothers & sisters in Christ here in the Virgin Islands and across the globe.

Prayer & Praise

PRAY: Pray that listeners who pledged support of WIVH during Share-A-Thon will be blessed by their commitments.

PRAISE: Praise God for leading us into the twenty-third year of wonderful Christian Broadcast in the Virgin Islands.

PRAY: Pray for protection for the Territory as we enter the 2015 Hurricane Season.

PRAISE: Praise God for the commitment of the Pennsylvania listeners who support this radio ministry in the Virgin Islands.
