WIVH.ORG

It's no doubt that now, more than ever, our nation is in need of hope. Look at all that's been in the news recently: children held hostage in their own home, sexual misconduct, shootings—it's hard to even fathom living in this world without the hope of Christ.

This Easter, Pastor Carter Conlon presents *The Hope of His Calling*, a message filled with hope during a season of doubt and skepticism.

Pastor Conlon encourages us to have faith and vision, for when we walk confidently believing in who God is, nothing can come in the way of all that He has destined us to be. You will come away reminded that the victory of a resurrection life is not at all about us, but all about Him.

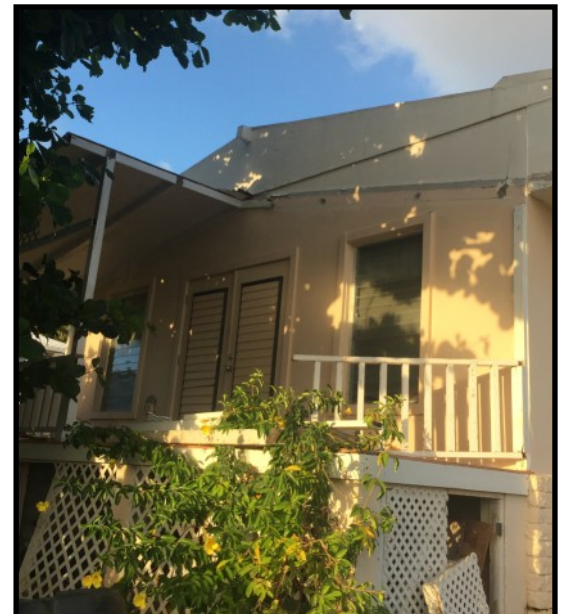

Tune in on Friday, March 30 at 8 pm for this very special look at the hope that is offered in Christ. Carter says, "the joy of the Lord begins when we understand and can say, it's all Jesus and none of me!"

## A Different Kind of Share-A-Thon This Year

Like many of you, we suffered a lot of damage here at the WIVH studios. Anyone who has been at the studios during Share-A-Thon recognizes this porch where our phone operators normally sit to answer calls. Half of the porch roof came off in the storm, and this is only a small portion of the damage here. We have been making adjustments to keep WIVH on the air, but things are far from normal!

Considering that many of you are dealing with similar circumstances this year, we have decided to do things a little differently when we ask for help from those who normally support this non-commercial, listener supported radio ministry. Instead of a concentrated two day Share-A-Thon, during the month of April, we will be airing spots asking those of you who are able to renew your yearly support of WIVH. For some, we realize this will be impossible, but for those who can, it will give the opportunity to make sure that WIVH remains the Voice of Hope in the Virgin Islands. If you would like to renew your support now, you can do so by calling 1-800-245-3688.

# FROM US

*To you*

To the WIVH listening family,

By now I'm sure you are aware that Billy Graham has gone home to be with the Lord. Not only was it reported in the national news media, **social media (mine included) exploded with people who attributed the fact that they or someone in their immediate family came to saving knowledge of Jesus through the ministry of Billy Graham.**

There is an often heard quote in relation to his home going:

*"Someday you will read or hear that Billy Graham is dead. Don't you believe a word of it. I shall be more alive than I am now. I will just have changed my address. I will have gone into the presence of God."*

Billy Graham lived very much in the here and now, but with the reality of heaven in view. **It seems everything e did, while firmly planted here on earth, was done through the eyes of eternity.**

We hope you took advantage of some of the many programs about Billy Graham that were on WIVH and we hope you were challenged, as we were, to realize that our time here on earth should be lived in light of eternity. **It's our desire to use the ministry of WIVH to bring as many as possible to a saving knowledge of Jesus Christ.**

Serving with eternity in mind,

*Tim + Heather*

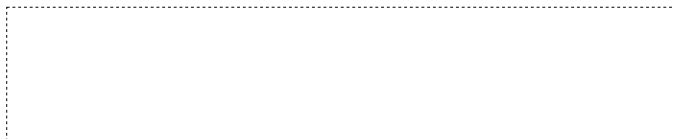

Tim & Heather Madeira

# Post-Hurricane Update

Tim Madeira will be traveling to St. Croix in mid-March along with Danny Brubaker, owner of a contracting company near our sister station, WRGN. Danny will make recommendations and assemble a list of tools and items needed to repair the WIVH studios and building. This is in preparation for a future work team to come to make the necessary repairs on the building following Hurricane Maria. If you are available to help, or would like to provide a meal when the work team arrives, please contact us at 1-800-245-3688 for details.

**A large portion of the roof came off the building that house the WIVH studios**
